Discussion followed Carl Bayer restated his question of why another \$75,000. He noticed low interest on \$325,000. Is there another way to invest town money? Paul Keenan, Chairman of the Select Board answered the \$75,000. was to go into the Highway Equipment Fund. The Board tries to be pro-active in not having to borrow to buy new equipment. He can't answer the question about better interest. Bill Nelson mentioned the budget figures for the road and

the transfer to the Highway Fund Balance. He saw where \$49,000 was moved and was puzzled by that. He wonders what the plan is for the \$49,000. He predicts next year the Committee will put in the same budget. The Town needs a plan for the money. He thinks the Committee should start out next year's budget with a lower amount to raise. Keenan feels it's good management and the money is used to offset the tax rate, or to help with unforeseen expenses. Bill said that's what Andy said last year. The Town can only have so much money for unforeseen expenses. Paul said the law says Highway money can only be used for highway expense. Richard Hodgson explained some years the town has to take money out of the budget to meet expenses. After discussion, Article 3 was carried by a voice vote.
