Lister, Regina Hazel stated in preparation for the upcoming Budget meeting, the Board should be aware of the CLA (Common Level of Appraisal) rate and how it will impact the Town's homestead and non homestead education tax rates. These tax rates will be higher than last year. The Board will take this into consideration when planning the Town budget for 2023.

Michael McLellan-Friends of Barnet/Ryegate Trails. This group envisions a multi-use trail system in Ryegate using a combination of town roads and trails that would stem off the Cross Vermont Trails. Mike Thomas, Cross Vermont Trail Association Chairman was contacted by this group to see if CVTA was interested in this idea and offer any help. A trail system like this would promote safe bicycling, hiking, bike commuting and recreation throughout the town. Mike Thomas stated his first suggestion was to connect the CVT with the Lamoille Trail by improving the bike-ability of the Bayley Hazen Rd. In Ryegate the Bayley Hazen Rd dissects the town acting like a main artery that future trails and bike loops could be created off. He is hoping to get the approval of the Ryegate Select Board to research this project, work on a plan and to report back.

Carl Bayer asked if money in the Town Energy Efficiency budget was not spent in 2022, would that money be rolled into the 2023 budget. Andy stated that unspent money in that line item would get rolled into a fund that we have started. Carl also asked if \$500.00 could be donated toward the Window Dresser Project for recipients in Ryegate that were not able to pay for the window inserts. The Board will take this into consideration.

Treasurer's Report: The Board reviewed bills and signed orders.

Road Report: The 2015 Kenworth is continuing to have mechanical issues.

Still waiting for the garage door motor.

The Board signed the Stream Alteration Permit for Whitehill Rd Culvert project, abutting landowners will need to be notified.

Nelson has been looking into a roadside mower for this summer. Fairfield is no longer doing a lease program. The Town can rent a roadside mower from Pete's Rental in Morrisville for 2 weeks at roughly \$6000.00. Or another option is to partner with the Town of Danville as half owners of their roadside mower. Danville was in partnership with St. Johnsbury. St. Johnsbury has purchased a new tractor. After discussion Andy made a motion to approve the purchase of half ownership of the 2006 Challenger Roadside Mower with the Town of Danville for \$13,000.00, to be paid for out of the Hwy Machine Fund, Darryl seconded the motion and it carried.
